GETÚLIO SOUZA

Front-End Developer

ABOUT ME —

My name is Getúlio. I hold a degree in Journalism and a postgraduate degree in Content Marketing from Mackenzie University. Over the past three years, I transitioned to becoming a Front-end Developer by enrolling in Internet Systems at FIAP. I have experience working with Angular as an intern and I'm currently studying other frameworks, such as React, to enhance my skills and become a more well-rounded professional. I am dynamic, focused, and self-motivated.
